

新北市政府辦理低碳社區改造補助要點-114.1.14 修正公告

(<https://reurl.cc/OREXz3>)

The screenshot shows the official website of the New Taipei City Environmental Protection Bureau. The top navigation bar includes links for the Environmental Protection Bureau homepage, City Hall homepage, website tour, search function, and specific sections like Climate Change, Low-Carbon Life, and Energy Conservation. A banner at the top right is titled 'Low-Carbon Community Transformation Subsidy Measures'. Below the banner, the title 'Low-Carbon Community Transformation Subsidy' is displayed. A note indicates the release date is January 21, 2025. The main content area details the history of the measures from 2003 to 2024, followed by a summary of the five key areas of focus: green building, green energy, recycling resources, green transportation, and sustainable living environment. A QR code is provided for quick access.

The screenshot shows the official website of the New Taipei City Environmental Protection Bureau. The top navigation bar includes links for the Environmental Protection Bureau homepage, City Hall homepage, website tour, search function, and specific sections like Climate Change, Low-Carbon Life, and Energy Conservation. A banner at the top right is titled 'Low-Carbon Community Planner Database'. Below the banner, the title 'Low-Carbon Community Planner Database' is displayed. A search interface is shown with dropdown menus for 'Planner Grade' and 'Year', and a 'Search' button. A table below lists planners categorized by grade, year, name, and actions. The table includes two entries: one for an Assistant Planner from 2023 and another for an Assistant Planner from 2024, each with a 'View' button.
